PROFILE

Final-year Bachelor of Computer and Information Science student with a strong academic record and a focused interest in software development. Solid foundation in computer science principles, data structures, systems analysis and application development. Demonstrates structured problem-solving, analytical thinking and attention to detail through practical development and technical projects. Comfortable working both independently and in collaborative team environments. Actively building coding projects and continuously expanding knowledge of modern development tools and technologies. Eager to contribute to a high-performance engineering environment while growing into a skilled software developer.

EXPERIENCE

IT SUPPORT TECHNICIAN

Home Lab (Practical Experience) | Johannesburg, Gauteng

June 2024-Present

- Designed and implemented a structured small-scale network environment to simulate enterprise IT systems.
- Configured routers, switches, and wireless access points while applying IP addressing, DHCP, and DNS principles.
- Analysed connectivity and system performance issues using logical troubleshooting methodologies.
- Applied basic firewall rules and access control mechanisms to strengthen system security.
- Documented configurations and incident resolutions to maintain structured system records.
- Provided technical support to simulated end-users, improving system reliability and response efficiency.

BARTENDER ASSISTANT

Power lounge (player's field) | Johannesburg, Gauteng
2023

01 DECEMBER 2023 - 31 DECEMBER

- Delivered customer service in a high-pressure environment requiring accuracy and time management.
- Collaborated effectively with team members to ensure smooth operational workflow.
- Used POS systems and resolved basic system-related transactional issues.
- Demonstrated strong interpersonal communication skills.

EDUCATION

BACHELOR OF COMPUTER AND INFORMATION SCIENCE IN APPLICATION DEVELOPMENT

IIE Emeris (Previously IIE MSA) | Roodepoort, Gauteng
2024-PRESENT

NATIONAL SENIOR CERTIFICATE (NSC)

Hoerskool President | Johannesburg, Gauteng
2019-2023

TECHNICAL SKILLS

- Windows OS (installation, configuration, troubleshooting)
- Basic Linux fundamentals
- Hardware and software troubleshooting
- Networking fundamentals (TCP/IP, IP addressing, DHCP, DNS)
- Router and switch configuration
- Network security basics (firewalls, access control)
- Microsoft Office 365(MS Office)
- SQL (basic queries)
- HTML, CSS (basic)
- Java, C# (fundamentals)
- ASP.NET MVC (basic)
- Microsoft Azure (introductory)
- End-user support
- Technical problem resolution
- System configuration and maintenance
- Computer literacy

SOFT SKILLS

- Analytical thinking
- Attention to detail
- Structured problem-solving
- Communication skills
- Team collaboration
- Adaptability and willingness to learn

LANGUAGES

- English
- IsiZulu
